Industrial Control and Automation Offering
From Lean Solutions to Advanced Motor Control and Protection.

The more you know...
The more you can advance your solutions for intelligent applications.

Product innovation

Partner with years of engineering excellence and in-depth product and application knowledge. From contactors, starters and drives, to pushbuttons, relays and programmable controllers, Eaton provides the edge you need to set your company apart from the competition.

Global standards

Many of the products are designed and built to meet UL/CSA, IEC and CCC standards.

Global service

The combination of local presence and international reach is critical. Eaton parts and representation are available globally whenever you or your customer needs it.

Powering Business Worldwide

F·A·T·N
Powering Business Worldwide

E·A·T·N
Powering Business Worldwide

1 NEMA Power Control
• NEMA Rated Contactors
• Vacuum Contactors
• Lighting Contactors
• Definite Purpose Contactors

2 IEC Power Control
• IEC Contactors
• Manual Motor Protectors

3 Motor Protection
• Miniature Overload Relays
• Thermal Overload Relays
• Electronic Overload Relays
• Advanced Solid-State Relays

4 Manual Motor Controllers
• Type E/F Starters

5 Enclosed Control
• IEC Magnetic Starters
• NEMA Magnetic Starters
• Custom OEM Control Panels
• Combination or Non-Combination
• Reversing or Non-Reversing
• Reduced Voltage Starters
• Pump Panels
• Lighting Contactors
• Multi-speed

6 Variable Frequency Drives
• OEM Drives (¾HP to 25HP)
• Industrial Drives (¾HP to 2000HP)
• HVAC Drives (¾HP to 250HP)

7 Enclosed Drives
• H-Max Intellipass HVAC Drives
• CPX/CFX Clean Power Drives
• SVX/SPX Industrial Drives

8 Solid State Starters
• OEM Soft Start Controllers
  (up to 180 Amps)
• Construction / OEM Soft Starters
  (up to 414 Amps)
• Industrial Soft Starters
  (up to 1000 Amps)

9 Distribution and Termination
• Power Distribution Blocks
• Terminal Blocks

10 Disconnect Switches
• Fusible Disconnect Switches
• Non-fusible Disconnect Switches
• Photo-voltaic Disconnects
• Solar-rated Disconnect

**11 Vehicle and Commercial
     Controls**
• Rocker, Toggle, Selector, Electronic

12 Pilot Devices
• 30mm Modular Devices
• 22mm Modular/Compact Devices
• 16mm Modular Devices

13 Control Stations
• General Purpose and Heavy Duty
• Fixed Element or Modular
• 22.5 mm and 30.5 mm Devices

14 Stack Lights
• 70 mm

15 Circuit Protection
• Miniature Circuit Breakers
• Supplementary Protectors
• Hydraulic Circuit Breakers
• Solar-rated Protector
• Fuse Holders

16 Control Power
• DC Power Supplies
• AC Control Power Transformers

17 Sensors
• Photoelectric Sensors
• Inductive Sensors
• Capacitive Sensors
• Safety Sensors
• Current and Voltage Sensors
Mechanical Limit Switches
• NEMA and IEC Limit Switches
• Key Interlock Devices

18 Industrial Relays
• Easy Programmable Relays
• Control Relays
• Timing Relays
• Monitoring Relays
• Machine Tool Relays
• Plug-in Relays
• Terminal Block Relays

**19 Programmable Logic
     Controllers**
• ELC Series PLCs
• XC Series PLCs
• XV HMI-PLCs

20 Operator Interface
• Multi-function Displays
• Graphics Panels
• Operator Interfaces

21 Safety Products
• Discrete Safety Relays
• Programmable Safety Relays
• Enhanced Machine Operator
  Safety and Machine Motor Control

**22 Counters, Panel Meters
     and Tachometers**
• Preset Counters
• Rate Meters
• Hour Meters
• Totalizers
• Panel Meters
• Encoders
• Temperature Controllers

23 Wiring Solutions
• SmartWire-DT
• XV HMI-PLC
• Easy 802/806
